Greetings Elaine L. Chao,

I, Sean Beller, appointed liaison for the American National Trucking Union (A.N.T.U.) send greetings on behalf of the members of A.N.T.U.

The A.N.T.U. is derived from the original Union of 1774 brought forward to the present time. The original Union has been re-organized and toned down from its original stance of anti-British rhetoric and is open for business today with those that have the goal of doing business rather than mixing politics with simple trade and commerce.

The A.N.T.U. is a sub-Union of the American National Union of The United States of America and operates in parallel with the union of 1789.

We are looking forward to exploring the ideas as to how both unions can operate to complement each other while still maintaining separate and equal station, share the highways and work together.

The United States of America is a subject of the Law of Nations. The subjection to the Law of Nations is where we start towards a meeting of the minds and look forward to those ends. We know the union of 1789 is going through some political turmoil at this time, however business and trade must be maintained and remain stable, therefore the original Union of 1774 was not brought forward to the present time to add to that turmoil rather it was brought forward to assist to an end of the political turmoil if needed, otherwise we will continue to do business, trade and commerce within this Union and pray for the People of the United States.

Feel free to contact this office anytime.

Respectfully,

Sean Beller

Sean Beller - Chairman Interim of the American National Trucking Union and appointed liaison.
