- **The forms were gone through again from the top of the list. Form 101 is being, and has been updated for the A.N.U. Since this meeting, we need to check for an update with the GPMC on another update.**

- **The idea of coming up with a disabled placard for those who can still drive, and for those who are veterans. The form of having an applicant to fill out the need for a disability placard, and for veterans has been created. Only a couple of updates left for it to be finished. The difference for Public -v- Commercial differences need to be decided.**

- **Since the meeting, all Project Team members were sent all documents to help review and make comments to bring back for any changes.**

- **The subject came up that it would be good to have a statement that show why we do not have to carry a “Driver’s License” in case stopped by the United States road officers. This has been put in the ‘Project Work Sheet’ to address and complete. The words ‘Driver’s License’ do not need to actually be written out, but explained differently. The words certified or qualified to travel in Public –vs- drive in Commercial.**
- **The idea of putting the A.N.U. Credentials may be a good idea to put it on the A.N.U site, not on the Transportation Administration.**
- **Administrative insert: As of this publication meeting minutes the links have been sent to Chris Doherty to put on the A.N.U. main web page.**
