Discussion on members talents and qualifications so they can volunteer for their respective Sub Union(s).

Discussion on the States never ceded any public property to any home rule charter for any county within The United States of America that created a state within a State and trafficked in persons to any association that consider themselves a corporate and body politic which is fascism and the very definition of treason for distributing State sovereignty wherein the entities enforcing these home rule charters are hijacking the States and using the States as a safe haven to commit crimes against the innocent.

Jason Westley Hall, the American National Union of The United States of America 1774 to present brings this motion to deny any enforcement authority of all non-national political parties and affiliations thereof. Under these agreements that were to be enforced by a group of committees in each community, whom would publish the names of merchants defying the boycott, confiscate contraband, and encourage public frugality. The delegates asserted that the settlers have certain rights which included, "life, liberty, and property, and they have never ceded to any sovereign power whatever a right to dispose of either without their consent. From the 1774 original Association of the States of the Union.
