### **Ben Cutting**

Standard Register  
Chief Financial Officer

Ben Cutting is responsible for guiding the company's financial strategy, planning and financing. Prior to being named CFO, he had served as vice president of finance at Standard Register since the company's 2013 acquisition of WorkflowOne, where Cutting had been treasurer and vice president of finance.

Before joining WorkflowOne, Cutting worked for the assurance and business advisory practice of Arthur Andersen LLP. He is a Certified Public Accountant, Certified Internal Auditor, Certified Treasury Professional, Chartered Global Management Accountant and a member of the American Institute of Certified Public Accountants.

Cutting earned a bachelor's degree in accounting from Wright State University.

### **Greg Greve**

Standard Register  
Enterprise Delivery  
Executive Vice President

Greg Greve serves as executive vice president of Enterprise Delivery for Standard Register. He is responsible for the overall operations of the enterprise and for creating the delivery model to ensure customer outcomes. His organization enables flawless execution by driving integration of key business processes and enabling technologies necessary to deliver Standard Register solutions to the market. His team leads the functional organizations of Supply Chain & Manufacturing, Customer Service, Logistics & Distribution, Customer Loyalty, Technical Service, Development & Engineering, Quality and the Business Development Center.

Greve joined Standard Register in 2006 as vice president of Sourcing, and served as vice president of Customer Service and Supply Chain Management from 2008 through 2010. Prior to joining Standard Register, he held various management consulting positions with CSC Consulting, where he managed supply chain and technology strategy engagements with multinational manufacturers and retailers. Greve began his career, and spent more than ten years with Dow Chemical where he provided business/economic analysis and managed supply chain operations in the Plastics and Hydrocarbons business units.

Greve holds a Bachelor of Science degree with a dual major in marketing and transportation & logistics management from The Ohio State University.

**John King**  
Standard Register Healthcare  
President and Executive Officer

As president of Standard Register's Healthcare business unit, John King leads the company's effort to serve clients across the healthcare delivery network, including acute, ambulatory, long term care and managed care organizations. He is responsible for the Strategy, Consulting Services, Product Development, Marketing, Sales and Supply Management for this market.

Previously, as vice president of Standard Register's Healthcare Solutions Sales team, John King led the business unit's initiatives to develop and expand U.S. healthcare provider's adoption and use of our innovative technology and related services offerings.

John has over 20 years of sales and operational experience in the healthcare and related information technology industries. Prior to joining Standard Register, he was the general manager of operations for MedAssets' revenue cycle technology business. In the decade before, he held various leadership positions at McKesson Corporation where he developed and executed strategies to drive growth and ensure operational excellence. Earlier in his career, he gained diverse experience working at both IDX Systems Corporation, (now GE Healthcare) and Shared Medical Systems (now Siemens Healthcare).

King earned a Bachelors of Arts with honors from the Virginia Military Institute.

**Joseph L. Klenke**  
Standard Register  
Advanced Technology and Channels  
Executive Vice President

Joe Klenke is currently serving as executive vice president for Standard Register. Joe leads the company's efforts to accelerate growth opportunities outside of our existing sales and delivery channels. He is responsible for international partners and alternative channels. Joe is also responsible for the strategy, product development and sales of our in-mold labeling and advanced material science products and services.

Previously Klenke served briefly as Standard Register's president, Commercial business unit and also as vice president, Manufacturing, overseeing all of Standard Register's manufacturing operations across the country.

Over the span of Klenke's 26-year career with SR, Klenke has taken on a variety of roles in Manufacturing, Print on Demand Services, Operations, Customer Service, Marketing and Sales as: vice president of Client Services, vice president of Field Operations, director of Marketing and director, Healthcare National Accounts. He joined the company in 1985 in Sales.

Klenke holds a Bachelor of Arts in marketing and management from Wilmington College in Wilmington, Ohio.

**Amy Reilly**  
Standard Register  
Organizational Effectiveness  
Executive Vice President

Amy Reilly is currently serving as the executive vice president, Organizational Effectiveness at Standard Register. She is responsible for providing the design and implementation of all human resources strategies including: workforce planning, organization and leadership development, compensation and benefits, employee communications, employee relations, staffing, mergers and acquisitions, labor relations, environmental, health and safety, facilities, and security. She works closely with the CEO, Board of Directors and the Governance & Compensation Committees on executive compensation and development processes for the organization.

Reilly began her career with Standard Register in 1994 and has held a variety of HR leadership positions with the company. Prior to her experience at Standard Register, Reilly was an Account Executive for Entre' The Human Resource, a HR Consulting firm. Reilly also currently serves on the Board of Directors of the Southwest Ohio Chapter of the Juvenile Diabetes Research Foundation (JDRF).

Reilly holds a Bachelors degree in Communications from Bowling Green State University.

**Gerard D. Sower**

Standard Register  
Executive Vice President, General Counsel & Secretary

Gerry Sower provides guidance and support to all levels of Standard Register in the areas of compliance and legal affairs. Sower joined Standard Register in 2003. Prior to that he was a partner at Chernesky, Heyman & Kress, a Dayton law firm. He holds a law degree from the University of Toledo and a Bachelor of Science degree in Civil Engineering from the University of Dayton.

**Diana Tullio**

Standard Register  
Chief Information Officer

Diana Tullio is accountable for all investments in Standard Register's technology infrastructure systems and services, technology support services, and the provision of business process application services. Tullio joined Standard Register in August 2012 as director for business technology and was promoted to vice president in February 2013.

Prior to joining the company she served as a vice president at both NCR and WorkflowOne.

Tullio holds a B.S. degree in Computer Science from the University of Georgia and an MBA in Global Management from the University of Phoenix.
