Company Description: The Standard Register Company (Standard Register) is a provider of custom-printed documents and related services in the United States. The Company primarily serves the healthcare, industrial, and commercial markets in the United States. In the healthcare market, the Company is a provider of documents, labels, software and services to the acute care hospitals in the United States. In the industrial market, it supplies functional and decorative labels, as well as technical literature to manufacturers. The Company operates in five segments: document management, label solutions, print on demand (POD) services, document systems, and pathforward. The Company acquired selected assets of Network Printing Solutions, Inc., a software development company. (Source: 10-K)
